

Current Advances in Optical Spectroscopy and its Applications

(CAOSA-2025)

Respected Sir/Madam

Greetings from Organizing Committee, CAOSA - 2025

It gives us immense pleasure to keep you informed regarding the two- day International Seminar on “Current Advances in Optical Spectroscopy and its Applications”, (CAOSA – 2025) which is going to be organized by the P. G. Department of Chemistry, Stewart Science College, Cuttack, Odisha, India on 26th and 27th September, 2025. This International Seminar offers a deep dive into how light interacts with matter to reveal valuable information about the composition, structure, and properties of substances.

I request you to kindly accept our invitation and send your abstract (one page, 500 words in Times New Roman Font and letter size – 12) in the mail (link attached below).

The last date of abstract submission is August 15th, 2025.

Out of the accepted abstracts, a number of young participants will be given the opportunity for poster and oral presentation and there are a no. of prizes for the same.

Your participation will make this seminar a grand success.

The seminar Brochure link, E – mail and Registration form link is attached herewith for kind reference.
